

## **Bizarre things that people do with eggs**

### ***The biggest scrambled egg***

McDonald's achieved the amazing feat of setting a Guinness World Record in Christchurch, New Zealand when more than 20,000 free-range eggs were used to cook a scrambled egg, which weighed in at 1.24 tonnes.

### ***The fastest omelette maker***

Howard Helmer is the "World's Fastest Omelette Maker." A three-time record holder for his high-speed eggsperience, Howard holds the record as the fastest omelette cooker in the world by whipping up a whopping 427 omelettes in a mere 30 minutes. To earn his second and third world records, Howard flipped an omelette an amazing 30 times in 34 seconds before it broke and he cooked the fastest omelette ever recorded – 42 seconds from when the egg was cracked to when it was cooked.
